

Number pattern in c++

```
#include<iostream.h>
void main()
{
    int i,j,rows;
    cout<<"enter number of rows= ";
    cin>>rows;
    for(i=1;i<=rows;i++)
    {
        for(j=1;j<= i;j++)
        {
            cout<<i;
        }
        cout<<"\n";
    }
}
```

enter number of rows= 5
1
22
333
4444
55555
[Program finished]
